UNREAL. We had the bacon cheesecake at our friend's birthday last night, and it was like the skies opened up and poured pure cheesecakey bacony heaven into my mouth. I will never eat meatless cheesecake ever again.

The high point of a fabulous sweet thirteen birthday bash -- cookies & cream cheesecake from Rocco's... A few of the little ladies had never even tried cheesecake before but they loved this one! I didn't reveal that every cheesecake isn't as divine and decadent as the one at our party, they will have to find that out on their own. I did manage to sneak away a large slice for myself for later...Thank God! This is my go-to dessert from here on out.

I can't say enough about how delicious Rocco's cheesecakes are. On top of that, there is free delivery on the westside (check the website to make sure you're in their delivery area)....that can't be beat!!

This is definitely a special occasion kind of dessert. We ordered for both Thanksgiving and my grandma's birthday.

I've tried a few flavors but the chocolate peanut butter is by far my favorite!!

I'm usually more of a sweets kind of gal but I couldn't resist tearing into the chocolatey yumminess. However, keep in mind that it is extremely rich and a little goes a long way.

we'll definitely be ordering from them again ;-)

Rocco's is out of this world, the cheesecakes are unbelievable-great taste, great quality, and affordable. As his kid I have very high expectations of Rocco, but he nailed it with these cheesecakes-I mean, I'd like to see anyone try and compete with Rocco; I doubt they'll even come close. 5 stars from me Rocco.

It was holiday eggnog cheese cake.

It was not so sweet, had very good flavor.

Very new york style. (He is from east coast.)

We will go get more cheese cake again. for sure.

Rocco's Cheesecakes are no ordinary cheesecake, his combinations are F--ken divine!! Gourmet flavors and amazing combinations that would make you think twice but, let me say, all the combinations I have tried, soooo soooo delicious and a perfect blend everytime!

Try:

The figs & honey w/ caramelized pears

The spiced apples & chocolate w/ a cherry wasabi sauce

If you're looking for a great dessert or even a divine sweet treat for yourself, Call Rocco's 'Old Fashioned' Cheesecake or go to his website, he delivers! A great treat too, as Rocco is quite a sweet spirit, it's hard not to love his cheesecakes and even harder to not love him!

Are you kidding me???? This guy makes the best homemade cheesecake I've ever tasted and I'm from Chicago home of the infamous Eli's cheesecake...hard to compete with! It was my friends' birthday and I thought I'd order an inexpensive treat for the size (they're huge). I figured chocolate would be great & different, but low and behold, he has like 12 different flavors! He's like the Baskin Robbins of cheesecake. It was made fresh when I picked it up. Tasted amazing. I HIGHLY recommend this guy for cheesecake on any occasion...

I can't say enough good things about my experience with Rocco's. I found the establishment using yelp to review different companies. It's a tradition for me to send my best buddy a cheesecake every year for his birthday. However this is his first year living in LA after 26 years in DC and I was determined to find someone local to deliver the gift. I placed an order online with Rocco's and received a confirmation call within a few minutes. The owner himself called and was most personable on the phone. After chatting for a minute or two, we set up a delivery time and he was very prompt. Though I did not taste it myself, my friend reports that he LOVED the cheesecake, while his girlfriend (despite not being a cheesecake lover) said it was perfect in texture with incredible flavor.

As long as my friend lives in LA, I will be sending his birthday cheesecake through Rocco's. I spent a good deal of time comparing reviews vs. cost and etc. Hands down to Rocco's. Spread the good word.

I've had the pleasure of eating Rocco's cheesecakes at numerous events, and his are as good as they get. I lived right near Junior's Cheesecake in Brooklyn for years. There's no comparison. Mr. Rocco has an uncanny knack for style, texture, and taste with his cheesecakes. They hit that perfect balance of fulfilling without being "fill-fulling". He's a gift to planet cheesecake, and a rising star in its cosmos.

Take it from a New Yorker. Da very Best in the West. When I sit down and have a slice (or two) of Rocco's Cheesecake, it reminds me of my mamma 's cooking ... That good, that delicious and that memorable.

Do yourself a favor and order up a pie or two for a party. You'll make 'em moan over it.

This is, by far, the best cheesecake anywhere. I order cheesecakes for every special occasion because then I have an excuse to indulge. When I do indulge it has to be the finest.. And I have to admit there are so many special occasions in our lives. Sundays, Mondays, Tuesday, Wednesdays.... Honestly, if you want to impress someone with your good taste in choosing desserts serve these gems. Enjoy.

I asked Johnny to create for me his classic chocolate marble cheesecake for a very important social event. At the event, shortly after Johnny's masterpiece was served, I'd hear people talking about it, universally praising how great it was. Mind you: I never asked anybody what they thought. I just kept overhearing people praise it. I had hoped to keep two or three pieces for myself, for after the party, but alas, it got INHALED !! When it's gotta' be the best, contact Johnny Rocco. Nice chap, too.

The "Crostata di Ricotta" is the best traditional Italian cheesecake in LA!
